The professionals

Dr. Margherita Dal Piaz
Therapist specialising in Neurodevelopmental Therapy and Psychomotor Development in Early Childhood

Since 2017, she has worked in paediatric rehabilitation at the Santa Lucia Foundation IRCCS, alongside her private practice. Her work focuses on prevention, the promotion of development and treatment during the preschool years.
She is also an infant massage instructor and leads courses and sessions specifically designed for parents.

Dr. Emanuela Quagliata
Psychotherapist specialising in childhood, adolescence and adulthood

She trained at the Tavistock Clinic in London, where she obtained a doctorate in high-risk pregnancy and assisted reproduction.
She is the author of the book Cento e un Bambino and the volume Neonati visti da vicino, published by Astrolabio.

Dedicated time for You and your baby

Dear Parents,

We invite you to take part in a space designed to support you through your baby's first months and early years of life.
A welcoming opportunity to observe, understand and share any doubts or questions related to your child's growth, with the support of experienced professionals.
Our aim is to help you better interpret your child's signals and feel supported with greater confidence and peace of mind.

Together, we will address practical, reassuring topics such as:

- Sleep patterns and feeding
- Crying and emotional regulation
- Psychomotor development
- Attachment difficulties and separation anxiety
- Changes in the balance of the parental relationship

Integrated developmental assessment package

A programme designed to provide a comprehensive understanding of your child's development through the collaboration of two professionals with complementary areas of expertise.

THE PACKAGE INCLUDES:

- **Psychological observation of development:** focusing on emotional, relational and affective aspects.
- **Neuropsychomotor observation:** focusing on motor, sensory and relational development.

Two separate yet complementary appointments to build a balanced, integrated understanding of your child.

Objective
To reassure, guide and support parents with practical, personalised recommendations.

Price: €100.00 per family

How it works

The programme includes:

- Two appointments with different professionals
- Observation of the child in a welcoming environment
- Discussion with the parents
- A joint feedback session
- Personalised recommendations for the next steps

At the end of the programme, further follow-up appointments can be arranged if needed.
